## Ebtekar Sanatgaran Etehad

Ebtekar Sanatgaran Etehad, also known as “ESE” started in 2013, considering air force fleet and airline companies’ needs in mind, and by utilization of experienced and well educated personnel, production of airport equipment and aerial parts. We are proud to announce that we could fulfill most of our respected customers’ needs. ESE is now capable to produce GSE land equipment for airport runways, and also various range of testers for car production companies too, depending on its specialized group of designers.

Most of the catering equipment needed by airline companies, such as trolleys, containers, ovens and so on, are designed and produced completely in our production line. We are developing a new department to export are high quality goods to any respected customer around the globe, because if not say all, most of the airline companies in Iran are our customers, so we hope to reach new markets.
